average \$400 each.— It means a great deal to every business man in Bryan to have these people here." For this reason it is urged that every business man in the city, who can manage to get off for the purpose, attend the meeting of the commercial club and hear the report of the committee, of which A. M. Wal- drop is chairman. It is understood that the committee has a proposition to put to the club, which if acted on may solve the situation, but if no interest is shown the matter can not be pushed to success, it is stated.

COUNTY BOYS CLUBS WILL COMPETE FOR BEST STALK OF CORN

Many Other Events to Be Occasion for Very Strong Competition

As a result of the meetings of the boys' agricultural club with the county agent Saturday afternoon, the final decision was reached to have a general county agricultural exhibit in Bryan on "Turkey Day," November 12, at which time a considerable number of cash and commodity prizes on cotton, peanuts, pigs, poultry, baby beef, canned food, needlework and other entries.

For the best single stalk of corn with ear on if five dollars in cash will be given and ten entries are already announced as competing for it. This will probably be one of the most attractive contests of all, County Agent S. L. Beason says, as it is for the purpose of better acquainting the farmers with the more dependable varieties of corn for this county and of enabling them to make better seed selection.

"The club boys and the club girls will compete for a 'scholarship' to the Dallars Fair on Saturday, September 27," said Mr. Beason this morning, "but no prizes, except the scholarship, will be awarded at that time, leaving the awarding of prizes to club members and farmers as well for the general exhibit on Turkey Day, November 12."

To the members of the clubs Mr. Beason says: "Select your best ten ears of corn, your best stalk of cotton (\$2.50), your best ten vines of peanuts, best pen of poultry, best pair of pigs, best baby beef and so on and help show the world what this good county can do. Help put Brazos county first."

SCHOOL YEAR BEGINS MONDAY, SEPTEMBER 22 FOR KIDDIES HERE

Building Not Ready as Soon as Was Antici-

MRS. WIPPRECHT IS LAID AWAY AT REST IN EIGHTIETH YEAR

Deceased Was Woman of Wide Knowledge and Keen Intelligence -- Retained Memory in Remarkable Fashion Up Until End -- Born in Germany But Thoroughly Texan.

After four months of pain and wearisome suffering, death came at last to Mrs. Julia Wipprecht at her home on 29th street, and she passed away peacefully Saturday evening, and was laid at rest by reverent hands Sunday afternoon, the funeral being held at 4 p. m. at the Wipprecht home, with a few simple words afterward at the grave side in the City cemetery where the body was interred.

Father J. R. Gleissner of St. Joseph's Catholic church officiated. Mrs. Wipprecht was a Lutheran in religious faith, but Father Gleissner had so endeared himself as a family friend that he was asked to perform the burial ceremony, there being no Lutheran minister in the city.

Mrs. Wipprecht was the widow of Prof. Rudolph Wipprecht, who died many years ago, having been an instructor in languages at A. and M. college for about ten years. Following his death Mrs. Wipprecht lived alone, except for the companionship of her daughter, Miss Elseth Wipprecht.

Mrs. Wipprecht was noted for the brilliance of her intellect. She is said to have been one of the most widely read women in Bryan, and despite the fact that for several months she has been unconscious, semi-conscious and conscious by turns, she retained her memory unimpaired during her waking moments, and was able to repeat to her daughter stanza after stanza of poetry which she had read years before.

Mrs. Wipprecht was born in Germany but came to Texas when she was but nine years old. After having lived here for some time she was persuaded by relatives in the old country to return for a visit, but she could not be induced to remain, as she found herself too thoroughly a Texan to fall in with the ways of the land of her birth. She was in her eightieth year at the time of her death.

Two sons and two daughters are left by Mrs. Wipprecht's death: Rudolph Wipprecht, connected with the agricultural department at Austin; Walter Wipprecht, business manager at A. and M. college; Mrs. Ida Wipprecht, of Houston, and Miss Elseth Wipprecht, of Bryan.

offered four rooms at a reasonable price, and declared that she didn't "like to say that children would be unwelcome," but she would appreciate it if the secretary would send her a couple without children.

It is comparatively no trouble to place the single men, it is said, but the scarcity of rooms for families is unrelieved.

The secretary is doing all that he can to list every available house and he asks the co-operation of citizens in this matter.

CENSUS OF RELIGION OF BRYAN WILL SOON BE UNDERTAKEN HERE

Association Plans to Get People Interested in Sabbath.

Representatives of the five Sunday schools affiliated with the Bryan Sunday School association met at 5 o'clock yesterday afternoon at the First Christian church.

Plans were laid for an intensive campaign for new members to run from the second Sunday of this month to the first Sunday in November, with two objects in view: To double the present enrollment of the various Sunday schools, and to increase the attendance to fifteen hundred or more.

A general executive committee of the president, Oak McKenzie, with a member from each Sunday school, was named to have charge of the work. Geo. Adams was chosen to represent the Christian church, Jesse Henning the Free Baptist, W. S. Barton the First Baptist, E. W. Tarrant the Methodist, the member from the Presbyterian church to be selected later. This general committee will appoint the other committees considered necessary. Some time in this month a general religious census will be taken of the entire city, and an active effort made to enlist in some Sunday school all the people, young and old, who are not now attendants.

Each class in the various Sunday schools will be asked to subscribe a certain number of new members, and credit will be given each Sunday for the new members received. A "Go to Sunday School" advertising committee will be appointed, and it is suggested that window cards be displayed in all business houses, in banks and hotels, and in other prominent places over the city, and that automobile banners be used also.

About forty minute men will be appointed to speak at the movies, at the college and academy, and other places. Announcements of the campaign will be made at every church service from now until the campaign closes.

A Sunday school teachers' school of methods under the supervision of the state Sunday school association is another plan of the Bryan association, for some time in the near future, to carry for the increased membership in the drive.

TO WARN OFF AVIATORS. Mexican City, September 8.—The
